

Italy - numerous waterways, cultural, historical and culinary highlights!

With as much freedom as you like you can lead your trip either to a lagoon or to Venice, Murano, and other places. Cross Venice with your boat and travel on the city's famous canals and under its picturesque bridges. This will be an experience you won't forget.

But Italy's waterways are not the only thing that is attractive about the country. Italy offers you 60.000 hectares of natural landscapes and historic and cultural monuments. Travel on the rivers Po and Brenta and visit the wonderful villas that are located on its borders as, for instance, the Villa Malcontera, Villa Gardenigo, Villa Wildmann Rezzonico and many more.

During the course of your trip you will always have the opportunity to make a stop in order to taste excellent fish and crayfish in one of the many restaurants. These holidays on Italy's waterways and rivers will remain with you as one of the most impressive experiences of your whole life.
