

Yachtcharter The Ionic Islands

A mild climate and smooth waters characterize this archipelago.
You just have to see elegant Corfu, green Zakynthos, Ithaca, the legendary home of Ulysses, Paxi, Lefkada, and Kefalonia with its wonderful sand beaches and unexplored grottoes.

The Ionic Islands differ very much from the Aegean Sea.
This is mainly due to the hills that remain green throughout the whole year as a result of the heavy winter rains. In the center you can find variegated villages where you can taste the most delicious fish dishes such as lobster, swordfish, and calamari.
