

The Barone Yachting Packing List for your yacht charter.

Finally, holidays! Barely at the airport, the uncertainty presses the stomach.

Passport? Flight tickets? Cell phone charger or maybe forgot the sunglasses? With our new packing list you can be sure that you are well prepared for your holiday and have forgotten nothing to help you relax your holiday.

Generally, the motto is "less is more"

The space on board and in the cabins is limited and there are usually only a few closets on board.

That means the less clothes, the less mess in your own cabin – chic clothing or evening dresses are not required on board.

A hard-shell suitcase would take up a lot of space in your cabin. Therefore, we recommend foldable travel or sailing bags.
